

METAPLAST

The UK's fastest growing container manufacturer

The **AdBlue** Range of 30% PCR Stackable Jerrycans

The **AdBlue** Range is specifically designed to hold diesel exhaust fluid (DEF) AKA **AdBlue**. Jerrycans are available in 5, 10 and 20 litre capacities.

AdBlue recycled jerrycans are manufactured from 30% post-consumer recycled r HDPE whilst maintaining our rigorous quality standards. They are reusable and 100% recyclable.

The vented smooth-flow anti-glug spout is housed in the can recess. It is easy to fit and easy to pour.

The ergonomic 'smooth grip' handle makes full cans comfortable to carry. They securely stack for distribution and retail display.

AdBlue Jerrycans can be supplied with labels applied.

AdBlue
Jerrycans with label, securely stacked

Model:	5 litre AdBlue 30% PCR	10 litre AdBlue 30% PCR	20 litre AdBlue 30% PCR
