

METAPLAST

5.0L U.N Certified Fuel Can

5.0 Litre U.N Fuel Can With Cap, Strap and Hose

Product Specifications

Product Code: MP5LUNFC

UN: 3H1/Y/170/ **/GB/7263

Container

Weight:	325 grams
Min. wall thickness:	0.55mm
Brimful volume:	5.5 litres
Material:	Virgin HDPE, U.N. & PCR Compliant
Neck:	Din/40mm cap & hose included
Spout options:	Standard and Fill & Stop
PCR compliant:	Yes

Decoration

Side label area:	2 Panels: H137 x W131mm
Embossing:	Your company logo
Colours:	Black, red, green, yellow, natural & orange

Palletisation

Pallet dimensions:	L.1200 x W.1000 x H.2620mm
Pallet quantity:	288 (18 Packs of 16)
Layer & bag qty:	32 Per Layer / 16 Per Bag
Full load quantity:	6912 (24 pallets)

Fill & Stop Hose Option:

The **Fill & Stop** can was designed to solve a problem, commonly experienced with inferior cans, of fuel continuing to pour from the spout immediately after use. This causes the can to over-fill and results in spillage.

Fill & Stop is a patented spout system which prevents fuel from continuing to flow through the spout once the tank is full, eliminating spillage.

Regulatory:

U.N Approved & PCR Petroleum (Consolidation) Compliant. 2014.

- Available in six colours
