

## Wipes Dispensing Bucket Range

### DL & RC WIPES SERIES

Metaplast pails provide the perfect packaging solution for industrial and clinical wipes packs from 2.5 litre to 10 litre in capacity.

Our fully automated manufacturing and in-mould labelling operation allows our products to be made to your custom specifications complete with stunning graphics to promote your brand and products.

Pails are manufactured at our BRC Accredited facility in tough, food-grade and chemically resistant polypropylene to comply with industry standards and are 100% recyclable.
