

U.N. Stackable Jerrycans

OneCan® U.N. Stackable Jerrycans are ideal for a wide range of liquids including most chemicals and many food products.

OneCan® Jerrycans are packed with features for the safe storage, distribution and dispensing of a wide variety of liquids.

An anti-glug pouring spout and leak-free closure provide precise, safe dispensing. The ergonomic 'smooth grip' handle makes full cans comfortable to carry. They securely stack when not in use.

For attractive retail shelf appeal, jerrycans can be supplied with wrap-around printed sleeves or embossed with your company logo. Large panel areas accept printed labels.

OneCan® Jerrycans carry U.N. accreditation and are food contact and migration compliant. Manufactured in tough, hygienic HDPE, they are reusable and 100% recyclable.

Features

Attractive design with seven colour options

Anti-glug pouring spout & leak-free closure

Ribbing on sides and base for secure stacking

U.N. Accreditation for the carriage of dangerous goods

Food contact and migration compliant

Five sizes: 5, 10, 12.5, 20 and 25-litres

Host of printing options

Reusable and 100% recyclable

Visi-Stripe cans (20 and 25-litre options) incorporate a translucent window to clearly identify fill level

AdBlue cans (10 and 20-litre options) for diesel exhaust fluid (DEF), aka **AdBlue**, include a vented smooth-flow spout housed in the can recess
