Qty per unit:	56 / 28 / 8 (trays / half trays / layers)

COEX

The COEX (co-extrusion) manufacturing process sandwiches PCR (post consumer recycled plastic) in a centre layer. Unlike other recycled containers, COEX Jerrycans are both **food safe** and **packaging tax exempt**.

Caps & Closures

Suitable for a wide range of caps. Please contact sales for more details. Closures sold separately.

Compatibility

Some chemicals, and process parameters, can affect the integrity of the container. The buyer must undertake testing and approval for the container's suitability for the product and application.

Regulatory

Raw materials used are REACH compliant and UN approved for food contact.

- 30% recycled PCR core sandwiched between two layers of virgin HDPE

Manufacturers and Distributors of high quality plastic containers to the commercial sector
