

The UK's fastest growing container manufacturer

5L UN Freestanding Jerrycan SK38

Specifications

Product Code: MP-5.0JCNATUN

Container

Weight:	135g +/- 4g
Dim. (l x w x h):	179.60 x 128.80 x 284.10mm
Min. wall thickness:	0.5mm
Brimful volume:	5393.4ml
Neck type:	Screw Berl
Neck size:	38mm Ø
Material:	HDPE virgin

Decoration

Label area (l x h):	180 x 120mm
Colours:	Natural white (colours available on request)

Palletisation

Pallet dim. (l x w x h):	1.20 x 1m x 2.65m
Pallet quantity:	448
Units per layer:	56 x 8
Units per load:	x 24 = 10,752

Statement of conformance: The raw materials used in the manufacture of bottles comply with current EC Legislation for plastic materials and articles intended to come into contact with food EC 10/2011 and latest amendments. All products are free from BPA, TSE, and BSE.

Traceability statement: The raw materials used within the manufacture of our product can be traced throughout the process from material intake to delivery.

BRC: Certificated to BRCGS Packaging Issue 6: August 2019 (High Hygiene category).

Suitability for customer purpose statement: Testing for suitability for individual customers' application is at the customers' discretion. Metaplast has no details of customers' processes and applications or an on-site facility for food product testing.

Food Grade and Non-Food Grade Products: Our food grade products are manufactured utilising virgin HDPE (food grade), food grade Masterbatch, and/or food grade PCR. Metaplast non-food grade products may contain non-food grade PCR.

Migration Test Certificates: Migration tests carried out exposure conditions 10 days at 40 ° C using migration simulants as detailed in EC 10/2011.

While every care has been taken to ensure that product specifications are accurate, they are given for guidance only. For uses where specification is critical, customers are advised to check with Metaplast prior to purchase. We reserve the right to amend product specifications without prior notice.
