Metaplast Range Brochure

Metaplast

Manufacturers and Distributors of high quality plastic containers to the commercial sector.

Metaplast have over 60 years of combined experience within the packaging industry and as a team we are committed to providing first class advice, service and solutions to specific packaging requirements. In addition to standard packs we have an in-house suite of custom tools, which is an additional service we can offer new customers dependent on volumes.

For further information on any of our products or to enquire about any other products we may be able to help you with please call us on **01508 495342** or email sales@metaplast.co.uk.

Metaplast buckets provide the perfect packaging solution for a wide range of liquids, pastes and powders.

- In-mould labeling (IML) creates stunning scratch-resistant graphics to promote your brand.
- Stable stacking for safe distribution and retail display.
- Compatible with automated filling & sealing equipment.
- Heat Seal options on selected round packs.
- Tamper-evident security tabs.
- Both buckets and lids can be supplied crystal clear or white, with coloured pots available on request.

Manufactured at our BRC Accredited facility in tough, food-grade, chemically resistant polypropylene. All models are 100% recyclable.

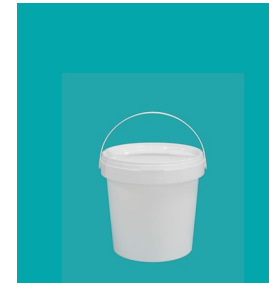

0.5 litre Bucket (no handle) with T/E Lid

White: MPGTF500W
Clear: MPGTF500C

580 / 680 ml

117.5 Ø x 81mm ± 1mm

20 + 6.4 = 26.4g ± 5%

1 litre Bucket with Plastic Handle & T/E Lid

White: MPGTF1000PBW
Clear: MPGTF1000PBC

1000 / 1200 ml

132 Ø x 131mm ± 1mm

36 + 1.5 + 9 = 46.5g ± 5%

1.6 litre Bucket with Plastic Handle & T/E Lid

White: MPGTF1600PBW
Clear: MPGTF1600PBC

1500 / 1550 ml

145.9 Ø x 135.6mm ± 1mm

50 + 2.8 + 12 = 64.8g ± 5%

2.5 litre Light Bucket with Plastic Handle & T/E Lid

White: MPGTLF2750PBW
Clear: MPGTLF2750PBC

2,500 / 2,600 ml

174 Ø x 154.4mm ± 1mm

73.4 + 2.9 + 17.5 = 96.7g ± 5%

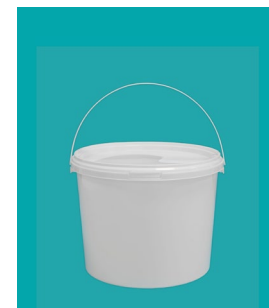

2.8 litre Light Bucket with Plastic Handle & T/E Lid

White: MPGTLF2800PBW
Clear: MPGTLF2800PBC

2,800 / 3,000 ml

200 Ø x 138mm ± 1mm

86 + 2.9 + 27.5 = 116.5 ± 5%

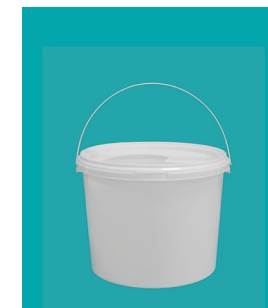

3 litre Light Bucket with Plastic Handle & T/E Lid

White: MPGTLF3000PBW
Clear: MPGTLF3000PBC

3,000 / 3,350 ml

200 Ø x 154.8mm ± 1mm

93 + 2.8 + 26 = 121.8g ± 5%

3 litre Bucket with Plastic Handle & T/E Lid

White: MPGTF3000PBW
Clear: MPGTF3000PBC

3,000 / 3,420 ml

200 Ø x 151mm ± 1mm

106.8 + 3.2 + 27 = 137g ± 5%

For attention-grabbing retail shelf appeal, Metaplast pots and snap-on lids can be printed with vibrant graphics using the latest IML technology.

Pots and lids are supplied crystal clear, with coloured pots available on request. They can also be supplied unprinted for labelling in-line.

- In-mould labeling (IML) creates stunning scratch-resistant graphics to promote your brand.
- Compatible with automated filling & sealing equipment.
- Tamper-evident security tabs.

Manufactured at our BRC Accredited facility in food-grade, chemically resistant polypropylene. All models are 100% recyclable.

Metaplast Stackable Jerrycans are ideal for a wide range of liquids including most chemicals and many food products.

Manufactured in tough, recyclable HDPE, they are supplied in natural (translucent) as standard, with a choice of six additional colour options.

- No leak' pouring spout & closure
- Ribbing on sides and base for secure stacking
- U.N. Accreditation
- Food contact and migration compliant
- Closures provide a secure, airtight seal
- Host of printing and colour options

Jerrycans can also be supplied embossed with your company logo or brand name. Large panel areas accept printed labels.

Metaplast Square-Round Jerrycans include all the benefits of our standard UN Stackable Range with the advantage of greater packing density.

Their squarer shape means that more Jerrycans can be transported on the same vehicle.

- Square design saves valuable space in storage and on delivery vehicles
- No leak' pouring spout & closure
- U.N. Accreditation
- Food contact and migration compliant
- Closures provide a secure, airtight seal.
- Host of printing and colour options

Jerrycans can also be supplied embossed with your company logo or brand name. Large panel areas accept printed labels.

Manufactured from 30% PCR (Post-Consumer Recycled rHDPE) the Metaplast Range of ECO Jerrycans are Plastic Packaging Tax exempt.

All ECO Jerrycans are supplied in grey 30% PCR and, like all Metaplast containers, are 100% recyclable.

- No leak' pouring spout & closure
- Ribbing on sides and base for secure stacking.
- Recycled Jerrycans are not suitable for food contact
- Closures provide a secure, airtight seal.
- Host of printing and colour options

Jerrycans can also be supplied embossed with your company logo or brand name. Large panel areas accept printed labels.

AdBlue Jerrycans are specifically designed to hold diesel exhaust fluid (DEF) AKA **AdBlue**.

Manufactured from 30% PCR (Post-Consumer Recycled rHDPE), the 10 and 20 litre **AdBlue** Jerrycans are Plastic Packaging Tax exempt.

- Anti-glug pouring spout for drip-free dispensing.
- Ergonomic 'smooth grip' handle makes full cans comfortable to carry.
- 10 and 20 litre **AdBlue** Jerrycans securely stack for distribution and retail point-of-sale display.
- Closures provide a secure, airtight seal.

For attractive retail shelf appeal, **AdBlue** Jerrycans can be supplied with printed labels. They can also be embossed with your company logo or brand name.

Small Jerrycans are ideal for many food products including edible oils, vinegars, dairy, sauces, syrups and other foodstuffs. Non-food uses include detergents and household chemicals, lubricating oil, chemicals, garden products, DIY, toiletries, personal health care, etc.

Helping users meet their environmental targets, the **5 litre PCR Jerrycan** (post-consumer recycled material) includes 30% recycled content (not suitable for food stuffs). The **5 litre COEX** co-extrusion model sandwiches PCR in a centre layer and is suitable for food contact

All Jerrycans are fully recyclable at the end of their long lives.

*5 litre PCR Jerrycan is not suitable for food contact

Tough Metaplast Fuel Cans come supplied with cap, strap & spout.

The **Fill & Stop** option was designed to solve a problem, commonly experienced with inferior cans, of fuel continuing to pour from the spout immediately after use. This causes the can to over-fill and results in spillage.

Fill & Stop is a patented spout system which prevents fuel from continuing to flow through the spout once the tank is full, eliminating spillage.

- U.N Approved & PCR Petroleum (Consolidation) Compliant 2014
- Available in a choice of colours

Fuel cans can also be supplied embossed with your company logo or brand name.

Embossing

Fuel cans can be manufactured with your company logo or brand name embossed on both sides
